b. Vice-President - Nicolas Pham

- i. WinterFest
 - Some people are Gold or Platinum pass holders at Canada's Wonderland, which allows them to attend WinterFest for free.
 - We've sold a total of 50 tickets. With an expected cost of \$52.50 from e-transfers and a revenue of \$1300, we've made a profit of \$118.
 - I've gotten approval from AI to distribute UPS points for this event. We'll use the sign up list as the attendee list but anyone coming using a pass or paying

their own way in should be given one too. Alternatively, we could get people to take a selfie at the event and tag our Instagram page for UPS points instead. Please vote for whichever distribution method you like best!

- As some of you may know, we're planning on organizing a meet-up at PB on the day of the event and travelling together using public transportation to Canada's Wonderland.
- Something I thought that would be fun was to organize a time and place at Canada's Wonderland to take a group picture. I was thinking around 7:30pm since it's right in the middle of the event, which allows late comers to join in as well.
- Speaking of pictures, make sure to take lots so we can send them to Pharmakon!
